

BAKERS' BITS

ISSUE NO. 1

DECEMBER

2016

BAKERS HAS A NEW LOOK

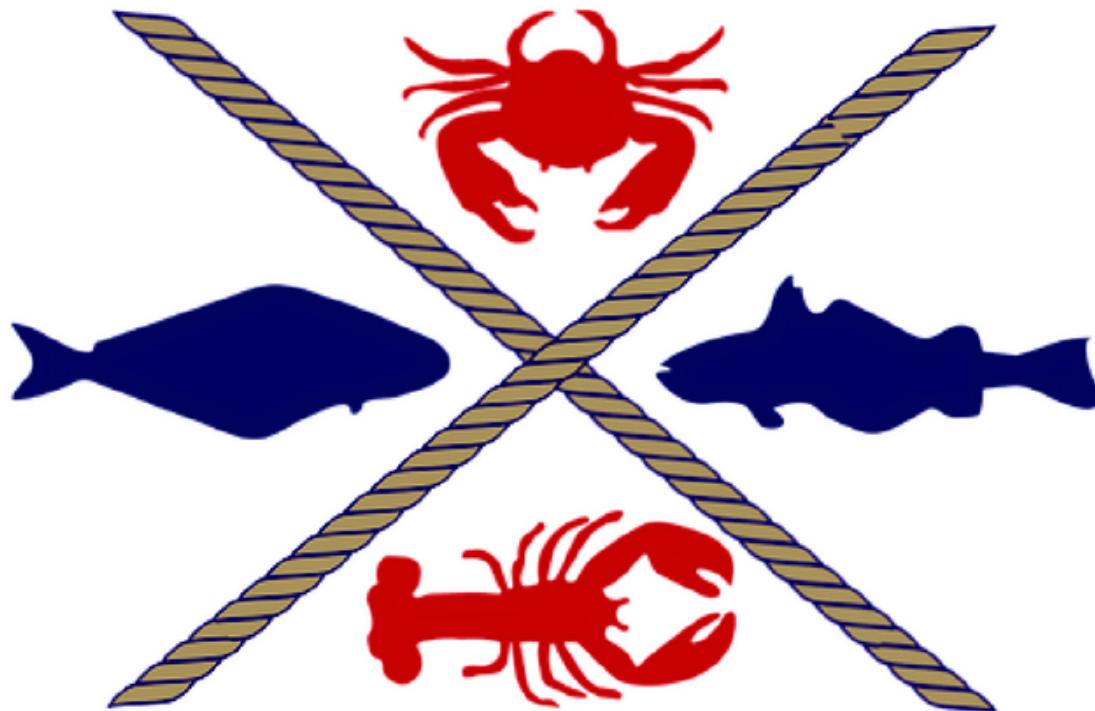

Bakers Point Fisheries had been using the same red and green logo since the 80's. The company felt it was time for a change. The new logo features Bakers' biggest sellers - crab, lobster, halibut and silver hake intersected by nautical rope.

We believe the image better represents our passion for the industry and are excited to share it with staff. Over the next few months Bakers will be phasing out the old look and embracing the new.

Our sincerest condolences and thanks

Bakers would like to send our sincerest condolences to staff who have recently lost loved ones. Three wonderful community members are no longer with us, Edie Baker, Iona Jennex and Joseph Babineau. We wish all families and friends impacted by their loss the best, our thoughts and prayers are with you.

As you all know, our family had experienced a sudden loss of our own in November. Jessica Cameron was a beautiful soul inside and out, she is deeply missed. We want to thank all staff for helping us cope through this difficult time. You gave us your condolences, showed us compassion and were patient and respectful of the necessary changes to production. We cannot thank you enough.

THE OFFICE

INTRODUCING BAKERS' BITS

Bakers' Bits is Bakers Point Fisheries first company newsletter. The newsletter will be published monthly and printed copies will be located in the lunch room for pick up. The newsletter is for everyone, we welcome all ideas and feedback.

BAKERS GOES DIGITAL

Bakers is excited to announce the launch of our new website: Bakerspoint.ca.

The website features a page dedicated to the history of Bakers Point, a product list, and a page listing company values. You can also check out Bakers blog posts about our wonderful community, fishermen and employees.

The employees page is still under construction because we are looking for some smiling faces to photograph. If you would like to post your pictures or be photographed for the website, pop by the office and let the office know.

You can also submit community photos and fishing photos! All photos can be edited in the office if needed. We look forward to your submissions :)
